9. Vandalism; or
10. Strangulation - meaning asphyxiation caused by accidental constriction of the windpipe.

HOW MUCH **WE** PAY FOR LOSS OR CLAIM

The following provisions apply in addition to any other provisions under How Much **We** Pay For Loss Or Claim.

Available insurance:

Your available insurance for each animal depends on the number of animals **you** have at the time of loss. To determine the amount of insurance available for each animal, **we** divide the amount of insurance on each class or type of animal by the number of animals **you** have at the time of loss.

$$\frac{\text{Amount of insurance on each class or type}}{\text{No. of animals of class/type at time of loss}} = \text{available Ins.}$$

We pay the amount determined as available insurance but not more than:

1. The actual cash value of the animal; or
2. The limit per head (shown in the schedule).
