GLASS BREAKAGE ENDORSEMENT
CONDOMINIUM UNIT-OWNER

For an additional premium, ***we*** provide coverage under this endorsement subject to the ***terms*** contained in the General Policy Provisions.

This policy covers glass windows and doors which are components or fixtures of the portion of the building structure which forms ***your*** condominium unit.

We pay for loss caused by breakage or by chemicals, including:

a. the resulting damage to the frame enclosing the glass;
b. making necessary, temporary installations because of such loss; and
c. removing or replacing obstructions because of such loss.

If this glass is part of the common elements (property owned collectively by all unit-owners), this coverage applies only:

a. if ***you*** have assumed a written obligation for the loss with the condominium association; or
b. the loss is not covered by the master insurance policy of the condominium association.
